Materials Math Masters, page G11

Players 2

Skill Recording data with tally marks

Object of the Game To win the most rounds

Directions:

- 1 Make *rock*, *paper*, or *scissors* behind your back.

- 2 Count to three with your partner.
Then show your hand.
- 3 Use the rules to find the winner.
- 4 Put a tally mark in the chart to show the winner.
- 5 Repeat 20 times.

Rules:

- Scissors beat paper because scissors cut paper.
- Paper beats rock because paper wraps around rock.
- Rock beats scissors because rock makes scissors dull.
- If both players choose the same, it is a tie.
