

Subtraction Bingo

1	2
4	3

NAME _____

DATE _____

Materials number cards 0–10 (4 of each),
*Subtraction Bingo Game Mats (Math
Masters, pages G24 and G25)*, counters

Players 2

Skill Subtraction Facts 0–10

Object of the Game To get four in a row

Directions

- ① Shuffle the cards. Place the deck number-side down on the table.
- ② Take turns. When it is your turn:
 - Flip over two cards and subtract.
Call out the difference.
 - Your partner checks your answer.
 - You and your partner each put a counter on one space on your game mat containing the difference.
- ③ Continue playing until one player covers 4 spaces in a row. That player calls out “Bingo!” and is the winner.
